

ERREPLUS®

Classic stirrup leathers

ALL DISCIPLINES

Calfskin

Crafted from durable calf leather and characterised by a stainless steel buckle positioned near the stirrup and a nylon loop for inserting the stirrup leather, with a leather capsule to protect the buckle.

Features:

Materials:

The sandwich construction of these mono stirrups is characterised by a 3-layer coating typical of the processing and finishing of these calf leather products.

Sizes

135cm, 145cm, 160cm, 170cm

Calfskin

Stirrup leather colours		Stitching
BLACK	●	Black
DARK BROWN	●	Dark brown
COCOA	●	Beige

Care and Maintenance:

we recommend using our Leather Cleaner product with a pH inverter to maintain the neutral ph of the leather that is in contact with the horse, especially during the summer, when sweat is getting acid. We also recommend greasing once a month with Erreplus Leather Balsam.

Tips: these stirrups leathers are designated as left and right. Ensure to respect the correct side position.
