

ERREPLUS®

Anatomic Shaped Girth

DRESSAGE

- Shaped with double padding, made in soft, strong, and durable bull leather.
- With 4 stainless steel buckles, and velcro closures for securing the girth.
- Central "D" ring for additional attachments and a large central hook for martingale attachment.

Features:

Horse conformation:

Suitable for horses with a round belly, preventing buckles from contacting the elbow.

Colours:

Materials:

Bull leather on the outer side and sweat-resistant leather on the inner side

Sizes: 55/60/65/70/75 cm

Please note that the measure of the girth is taken from buckle end to buckle end

Care and Maintenance:

Use our *Leather Cleaner* with pH inverter to maintain the skin's acidity when in contact with the horse. Never store the girth wet with sweat in contact with the saddle seat to avoid dryness and cracking of the seat and flap.
