

ERREPLUS®

Eventing girth

EVENTING

A short girth designed for this three days event discipline. Its ergonomic shape allows for even distribution of pressure both front and back, avoiding pressure points. Made with billet loops, characterised by 4 stainless steel buckles and 3-layered elastic for greater strength, durability, and saddle stability.

Frontal "D" ring suitable for attaching snaps. Large central carabiner for attaching martingale/training gears etc.

Features:

Horse conformation:

Standard conformation, ideal for most horse anatomies.

Colours:

Materials:

Bull leather on the outer side and sweat-resistant leather on the inner side

Sizes: 55/60/65/70 cm

Please note that the measure of the girth is taken from buckle end to buckle end

Care and Maintenance:

Use our *Leather Cleaner* with pH inverter to maintain the skin's acidity when in contact with the horse. Never store the girth wet with sweat in contact with the saddle seat to avoid dryness and cracking of the seat and flap.
