

ERREPLUS
GOLD LINE

Classic stirrup leathers

ALL DISCIPLINES

Bull Leather

Products from the Gold Line collection are exclusively Made in Italy, using only Italian bull leather commonly used in the production of Erreplus saddles. To provide maximum comfort to the rider, innovative shaped buckles have been introduced in the making of these stirrups. These new buckles (L and R) perfectly adhere to the stirrup bar, **reducing by 1.5 cm on each side, the thickness under the rider's leg, increasing in this way the sensation of close contact.**

Features:

Materials:

gold Line stirrups are made of bull leather internally reinforced with nylon tape to prevent deformation and stretching, and they are sewn with braided thread. Additionally, the edges are raw cut and coloured not folded over, to ensure greater durability.

Sizes

125cm, 135cm, 145cm, 165cm

Bull leather

DARK BROWN ●	Black	Beige / Blue / Red / Cocoa
COCOA ●	Beige	Black / Blue / Red / Cocoa

* At charge

Care and Maintenance:

we recommend using our Leather Cleaner product with a pH inverter to maintain the neutral ph of the leather that is in contact with the horse, especially during the summer, when sweat is getting acid. We also recommend greasing once a month with Erreplus Leather Balsam.

Tips: these stirrups leathers are designated as left and right. Ensure to respect the correct side position.
