

ERREPLUS

ERREPLUS  
*Italian Saddlery*

# A horse, a rider, the right saddle: the perfect match.

*A story written for horses,  
by riders.*

This is a story that began in Italy: it originated with Roberto Rasia, founder of Erreplus Saddlery, and what makes it unique is his incredible passion for the equestrian art, with 25 years of experience.

Now a whole team of experts, champions and technicians writes the story of Erreplus every day, giving voice to that perfect dialogue that indissolubly links the life of horse and his rider.

5.  
Exceptional quality  
of materials

# Why choose a SL panel?

*Give your horse the freedom to move in harmony.*

A horse free to move its shoulders is a horse that performs better, that more willingly follows the demands of the rider, that strides softly and fluidly, that faces courses and obstacles with greater confidence.

SL panels have been specially designed, together with technical experts in the field, to free the most muscular and pronounced shoulders.

This short panel completely avoids any kind of pressure at scapular level, ensuring a perfect movement of the shoulders.

All this while maintaining a large contact area on the horse.

*\*Not suitable for horses with prominent withers or with a fine structure*

# Dressage.

*A line of saddles designed to ensure perfect freedom of movement and a natural posture.*

**“I love these saddles for their capacity to adapt to the horse in an ideal way, allowing great freedom of movement at the same time. My position is perfectly balanced and comfortable.”**

*Adelinde Cornelissen*

# Adelinde.

Double flap with large and small repositionable Velcro knee blocks. Created in collaboration with Adelinde Cornelissen, World Cup and Olympic medal winner. / code: *DA*

*Adelinde*

# Freestyle.

Mono flap. Unique for the comfort of the seat, it offers good leg support thanks to double density knee blocks that allow ample freedom of the rider's knee. Available with two different knee-blocks versions:  
**Inclined (Vers.01):** to ensure upper leg support and freedom of the knee.  
**Vertical (Vers.02):** suitable for riders who like a more vertical posture and greater knee contact. / code: *DF*

Version with vertical knee-block available.

# Your customised Dressage saddle.

*Colours, stitching, decorations, the name  
of the horse: details that tell your story.*

We know how important the saddle is to a rider. For this reason, to turn one of our saddles into your own saddle, our Custom Service allows you to customise colours, stitching, decorative elements and to engrave the name of your horse on a silver plate.

## Standard customisation of Dressage saddles

Example of different piping colours.

## Impulse and Connect saddle customisation

Example of different colour detail for flaps and cantle.

BI-colour stirrup leather loop for tone-on-tone version and single-colour for patent leather versions.

## ① Leather colour

*Doubled Cocoa*

*Doubled Black*

*Doubled Dark Brown*

*Smooth leather Black*

## ② Customisation colour

Colour variants of the paint on front piping and rear piping; and detail on the flap and cantle in the Impulse model.

For more details on our customisations, please visit our website: [www.erreplus.com](http://www.erreplus.com)

Erreplus saddles are customisable and also available made to measure, for horses with particular structures or with very prominent withers. All products are available in different colours and with accessories of your choice.

# Show Jumping.

*A line of saddles designed for better fitting modern horses and improve rider's comfort.*

*“The horses move more freely and the seat comfort is exceptional. These are the characteristics that make the difference between a good saddle and an excellent saddle.”*

*Christian Ahlmann*

# CA.

Created in collaboration with the German show jumping champion, Christian Ahlmann, and characterised by a wider and softer seat, composed of two layers of technical rubber to ensure maximum sitting comfort. New flaps are entirely made of doubled bull leather and their innovative technical cuts allow a closer contact. / code: *JA*

# JD.

Favours a more central and deep ride thanks to a balancing point that is slightly forward. The new flaps made entirely of doubled bull leather have innovative technical cuts that allow a closer contact. / code: *JD*

*JD*

—  
*Double bull leather*

*Smooth leather*

# Pony JD Junior.

Double Flap. The JD Junior has been developed on the deep tree of the JD and has been designed for our youngest riders and their ponies. The balance point of this saddle is slightly more backward and it has been designed to ensure greater support for the rider's seating position. Particularly indicated for those who prefer a more central, deep and supported position. Front and rear blocks are in Velcro in order to allow riders to place them in their favorite position. The JD Junior will be available only in size 16". / code: *JP*

# Eventing.

*A saddle that promotes total and deep understanding between horse and rider.*

*"Between me and my horse there's not just a saddle: there's something that unites us in strength and thought."*

*Susanna Bordone*

# Eventing Mono.

Mono flap. Entirely made of doubled bull leather for greater comfort.  
Mono flap and long billets for a very closer legs contact. / code: *EM*

*EM*

—  
*Double bull leather*

# Craftsmanship and innovation.

*The result of meticulous,  
hand-crafted Italian work.*

Erreplus is a story made of passion, respect and total dedication to horses.

Such a profound background has given rise to a working method based on meticulous care for quality craftsmanship and products that perfectly combine aesthetics with comfort.

# Accessories.

## Girth.

### Spider

Reduces pressure on the horse's sternum and ensures greater stability of the saddle thanks to distanced buckles. Suitable for long-limbed horses. / code: *GDB*

### Classic Dressage

Made with keepers for inserting billets on both sides and stainless steel buckles. / code: *GDA*

# Girth.

All Erreplus girths are made with a triple-layer elastic and bull skin leather, to ensure greater safety and stability of horse and rider at any stage of work.

## Narrow belly Jumping

Characterized by a central anatomical band that distributes weight and reduces the pressure on the horse's sternum during the jump. / code: *GJB*

## Stud girth

Its ergonomic shape allows the front and rear pressure to be evenly distributed, avoiding pressure points. With 3 elastic bands to ensure greater strength and durability. / code: *GJA*

## Classic Jumping

With 3 elastic bands to ensure greater strength and durability. / code: *GJG*

## Eventing

With 3 elastic bands to ensure greater strength and durability. Its ergonomic shape allows the front and rear pressure to be evenly distributed, avoiding pressure points. / code: *GEA*

# Stirrup leathers.

## *Dressage mono stirrup leathers*

Made of durable calfskin with a buckle located near the stirrup and a nylon eyelet for inserting the stirrup leather. / code: *STDR*

## *Classic stirrup leathers*

The innovative shape of the buckles reduces the stirrup loop's width of 1,5 cm on each side, allowing greater comfort for the rider and closer contact with the leg. / code: *ST*

# Saddle pad.

## *Dressage saddle pad*

Shaped to respect the withers of the dressage horse.  
Available in colours: *Black* / code: *SPADDR20* - *White* / code: *SPADDR10*

## *Jumping saddle pad*

Shaped to respect the withers of the jumping horse.  
Available in colours: *Black* / code: *SPADJE20* - *White* / code: *SPADJE10*

# Correction pads.
